Many years ago a poor Porter named Sindbad left the city of Baghdad. One day a tired Sindbad came across the mansion of a rich Merchant and decided to rest outside the place . All day long, Sindbad watched richly clad guests visit the Merchant. Sounds of merriment could be heard as the Merchant and his guests partook in festivities. The merchant served his guests the best of food from far and near. The rich Aroma of finely cooked dishes and exotic spices wafted the air. After he sat down to rest, Sindbad felt that the world was unfair. He started complaining to God that the rich had so much comfort , while the poor had to work so hard to earn money. The Merchant overheard Sindbad complaining to God and asked his guards to call him inside the mansion. The merchant came and introduced himself as Sindbad the Sailor. They realize that by some weird fate they both had the same name . The merchant then decided to narrate to poor Sindbad, the story of how he became wealthy.
